Subject: CAG: Private proposal with regard to Tanks siting

Hello CAG members,

EPA has forwarded some information that will interest the CAG regarding the tanks location. Alloy, the prospective buyer of the two properties (potential tank locations) at the top of the Gowanus Canal has made a presentation to both the City and to a group of citizens at Gowanus. That presentation is related to the on-going discussions about the location of the retention tank at the top of the Canal.

I know nothing more about this than is shared here, I would suggest that the CAG invite Alloy in to present and discuss this information, and not engage in a lot of speculation through this mass email.

Let me know if the CAG would like to extend an invitation to Alloy to make a presentation during the forthcoming

December 1st full CAG meeting.

thanks and have a wonderful Thanksgiving,

Doug
